# WHY SCOTTISH RENEWABLES?

Scottish Renewables is the voice of Scotland's renewable energy industry. Our vision is for a Scotland leading the world in renewable energy.

We work to grow Scotland's renewable energy sector and sustain its position at the forefront of the global clean energy industry.

The industry we represent delivers investment, jobs, social benefits and reduces the carbon emissions which cause climate change.

Our members work across all renewable energy technologies, in Scotland, the UK, Europe and around the world.

We work closely with our members and key stakeholders to:

- Lead thinking on the main opportunities and challenges for the sector
- Encourage the optimum conditions for the growth of renewables
- Ensure policy makers and stakeholders are well informed about renewable energy in our society, economy and environment.

We invite you to join our business network and make your voice heard through the work that the team at Scottish Renewables does on behalf of our members. This works spans the full range of renewable technologies, sectors and cross-cutting regulatory issues, including:

<b>HYDRO</b>	<b>SOLAR</b>	<b>LOW-CARBON HEAT</b>	<b>SUPPLY CHAIN</b>
<b>OFFSHORE WIND</b>	<b>WAVE &amp; TIDAL</b>	<b>PLANNING &amp; CONSENTS</b>	<b>HYDROGEN</b>
<b>ONSHORE WIND</b>	<b>ECONOMICS &amp; MARKETS</b>	<b>GRID &amp; SYSTEMS</b>

# EXPAND YOUR NETWORK & STAY CONNECTED THIS MEMBERSHIP YEAR

Scottish Renewables has continued to function as normal during the pandemic, successfully transitioning all Member Forums, conferences and awards ceremonies online. Whilst we can't meet in person, we are committed to helping our members continue to network and build their contacts in the virtual environment.

**The following top tips will help keep you connected this year.**

## Come along to our Member Forums

Join our online Member Forum meetings to meet fellow members and the SR team to share the latest intelligence on what is happening in the sector.

## Subscribe to our member-exclusive mailings

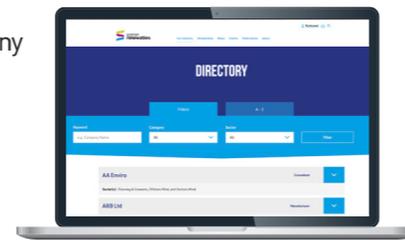

Subscribe to our Daily Briefing and Monthly Briefing newsletters to stay informed with industry and member news, policy developments and upcoming events. Contact our Communications Team to place your own company news in our Daily Briefing email, which is sent to **2,500 members every day.**

## Place a free listing in our online Directory

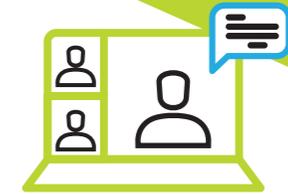

Our online Directory is a valuable online resource to help keep you connected and continue to do business during these challenging times.

Make sure your organisation is represented by adding your company description, contact details and the sectors you are working in so that others can get in touch.

## Take part in our online industry conferences

Delegates can hear from expert speakers, visit virtual exhibitions and connect with each other and our team.

Get involved by taking part in live polling, post a comment or even pose a question to the panel. Network with other delegates on a 1-2-1 basis, join video and voice calls and meet with contacts old and new during dedicated networking sessions.

**At our virtual exhibitions, you can position your products and services to key industry professionals, or sponsor an event to help build and maintain your organisation's profile.**

## Engage, share and connect on social media

Keep yourself and your organisation visible by posting, liking and sharing on Twitter and LinkedIn. Sharing your knowledge is a great way to connect with others; perhaps you have an interesting insight on your latest publication, blog or research paper (or ours) that others would enjoy? Keep up to date on these on the News page of our website.

Don't forget to follow us ([@ScotRenew](#)) and tag us in your posts; we'll follow you back and share to our industry network. Use our membership hashtag **#SRMember** to be part of the latest conversation and to showcase your involvement with Scottish Renewables.

## Keep in touch with the SR Team

Get in touch with relevant team members to access industry insights, to discuss your business needs and to raise any issues. **Visit the Our Team page on our website to find contact details.**
