Base: All MSPs

Base: All MSPs (70)

# The vast majority of MSPs think favourably of the Renewable Energy sector

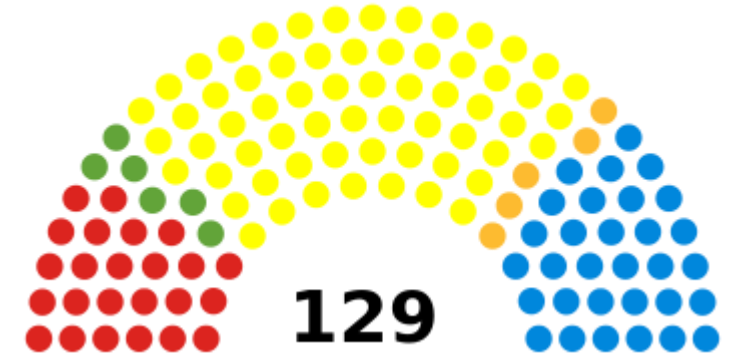

Base: All MSPs (70)

Renewable Energy has a very high profile at the Parliament

Base: All MSPs (70)

# Methodology

- This is the eighth annual MSP Advocacy Survey
- Interviewing:
  - All MSPs were contacted
  - 70 were interviewed
  - 3rd September – 6th November 2020
  - Interviews were conducted virtually by Robert Cumming (Managing Director, PA Advocacy)
- The sample is closely representative of the Parliament. However, data have been weighted by party
- Where results do not sum to 100%, this may be due to rounding or multiple responses
