13 COUNTRIES OPERATED IN		

PROVEN EXPERIENCE. TRUSTED DELIVERY.

A track record built on safety, reliability, innovation and collaboration delivering successful outcomes for clients worldwide.

OPERATIONS & MAINTENANCE IN ACTION

Integrated marine support delivering safe, efficient and reliable asset performance

1 PORT

- Mobilisation
- Crew & equipment
- Logistics & planning

2 TRANSIT

- Multicat Dive Support
- Vessel departing port for offshore site

3 ON SITE

- Positioning on location
- Safe marine operations
- Dive & ROV deployment

4 SUPPORT VESSEL

- CTV transferring technicians, equipment & consumables

5 INSPECTION & DATA

- Raptor Scout providing inspection, survey & real-time data

6 MAINTENANCE

- Raptor RIT
- Autonomous intervention tooling & light construction support

7 BACK TO PORT

- Demobilisation
- Data & reporting
- Continuous improvement

BUILDING THE FUTURE TOGETHER

Scotland's marine supply chain powering a cleaner, stronger tomorrow

GLOBAL OPPORTUNITY

Floating wind and renewables driving long-term demand at home and abroad

SCOTTISH STRENGTH

World-class ports, vessels and engineering expertise

INVESTING IN PEOPLE

Training, apprenticeships and skills for the future

COLLABORATING FOR SUCCESS

Working together to create a resilient, innovative and sustainable supply chain
